

In January 2020, "Media Education" journal celebrated its 15th anniversary
(official journal website: <http://ejournal53.com/en/index.html>)

64 issues of the journal "Media Education" have been published, in which 770 scientific articles by authors from Russia, Germany, Spain, Norway, Hungary, Poland, Bulgaria, Ukraine, Uzbekistan, Slovakia, Belarus, Vietnam, India, Pakistan, Malta and other countries were published.

The articles of such recognized scientists in the field of media culture and media education as Ben Bachmair, Emma Camarero, Imre Szijarto, Trigve Panhoff, Kirill Razlogov, Lev Anninsky, Oleg Baranov, Elena Bondarenko, Stal Penzin, Alexander Sharikov, Alexander Korochensky, Sergei Korkonosenko, Natalia Gendina, Irina Chelysheva, Anastasia Levitskaya and others were published in our journal.

15 years is still a teenage age for a scientific journal. But this is also a reason to once again thank our authors, with whom we have come a difficult way - from the first steps of 2005 to the indexing of our journal in Web of Science.

Happy jubilee, dear colleagues!

Alexander Fedorov,

Editor-in-Chief of the "Media Education", Ph.D., Professor

Media Education: editorial board

official journal website: <http://ejournal53.com/en/index.html>
